Any problems call 0845 094 2487 (local rate)

Trade rates

Larger blocks are also available, but less likely to be used by individuals unless you are buying on behalf of a group or business and going to be using them across more training providers, 250=25%, 500=30%, 1000=35% and 5000=40%. To market training vouchers to others you need to maintain a minimum credit at all times of 250 or pay an increased subscription, and your margin is the difference then between the rate you buy and sell at.

If you want to take training vouchers in payment then contact us and we will explain how it works.
